

Robert-Kronfeld-Challenge Cup

40th FAI World Gliding Championships (WGC 2026)

Location Częstochowa-Rudniki, Poland

Date

Winner

Felipe Levin (GER) — EB 29R

Flew the longest Marking Distance of the championship — 848.08 km on Open Task 9 (28 May 2026) — and, in the tie among all finishers of that task, attained it at the highest speed: 143.2 km/h (39.78 m/s). He also won the day with 1000 points.

The decisive task

Task Open — TASK A · RACING (task 10541334540)

Date

Why this task decides the Cup: across all three eligible classes, no other task — racing or AAT — produced a longer marking distance. The next-longest racing tasks were 18 m Task 9 (755 km) and 20 m Task 9 (616 km); the longest AAT maximum (Open Task 10) was only ~611 km. So 848.08 km is the unique championship maximum.

Tie-break — finishers of the 848.08 km task, by speed (rule c)

#	Pilot	Team	Glider	Speed (km/h)	Finish
FL	Felipe Levin	GER	EB 29R	143.2	17:25:43
YY	Sebastian Kawa	POL	JS5	139.4	17:23:11
OR	Michael Sommer	GER	EB 29R	139.2	17:48:01
5	Laurent Aboulin	FRA	JS5	139.1	17:39:01
72	Sylvain Gerbaud	FRA	EB 29R	138.6	17:40:27
4D	David Jansen	AUS	JS5	137.7	17:54:14
UFO	Max Leenders	NED	EB 29DR	134.1	17:39:33
XR	Bas Seijffert	NED	EB 29R	134.1	17:39:30
OG	Oscar Goudriaan	RSA	JS5	133.3	18:01:38
IP3	Pierre de Broqueville	BEL	EB 29DR	133.1	18:02:04
1E	Russell Cheetham	GBR	JS5	132.4	17:32:16
EX	Tomas Rendla	CZE	EB 29R	132.1	17:30:19
ZFI	Jiri Kusbach	CZE	JS1C TJ 21m	128.4	17:41:20
B	Jan Buch-Madsen	DEN	JS3 RES 18m	126.2	17:47:48

All 14 pilots were scored the same Marking Distance of 848,075.69 m. Felipe Levin holds the highest speed, so the tie is settled at rule (c); the rule (d) earliest-outlanding tiebreak is not needed. (A 15th starter, C. Hynek/AUT, was scored 778.08 km under SC3A 1.4.5.3 and so did not reach the full task distance.)

Award rules (Robert-Kronfeld-Challenge Cup)

- a. The Cup is presented to a pilot flying at the WGC in the Open, 18 m or 20 m Multi-Seat classes.
- b. The winner flew the longest Marking Distance during the WGC, regardless of task type (taken directly from the results).
- c. Tie on longest Marking Distance → won by the pilot who attained it at the highest speed.
- d. Tie with no highest speed → broken by the earliest out-landing time.

Result reflects the currently published official scores on SoaringSpot (contest 5249). Marking Distance = each pilot's scored task distance; speed = scored task speed.
